Prospective Bidders

**RE: CITY OF EDINBURG
BID NUMBER 2014-91
EXPANSION OF LANDFILL GAS COLLECTION AND CONTROL SYSTEM (GCCS)
EDINBURG REGIONAL SANITARY LANDFILL
ADDENDUM NO. 1**

Dear Recipient:

Golder Associates Inc. has prepared this addendum to the above-mentioned bid documents. This addendum forms a part of the bid documents and modifies the original "Invitation to Bid" dated April 22, 2014.

Bidders must acknowledge receipt of this addendum in the space provided on "Revised Bid Form, Item C" originally provided on Page 00003-1 and made part of this addendum. Failure to do so may result in disqualification. This Addendum No. 1 shall include bid clarification items in the following section.

1.0 BID CLARIFICATION ITEMS

1. Construction water is available on site at no charge to the Contractor.
2. Sand/soil backfill material is available on site at no charge to the Contractor.
3. Road crossing installation should be done after hours during weekdays or weekends. The Contractor should coordinate this with a site manager prior to installation.
4. The trenching for 2" airline installation is located outside of the waste limit.
5. The City will provide QA/QC including construction staking, as-constructed surveying, and record drawing preparation.
6. Soil compaction testing is not required but trench backfill material shall be moistened as necessary and compacted to provide the protection for the pipe.

Sincerely,

GOLDER ASSOCIATES INC.
